UPLIFTING COSMIC JOY Through Womb Sovereignty

Thursday, April 13, 2023

7:00 p.m. - 8:30 p.m. (PT)

Black Maternal Health Week
RSVP REQUIRED

A virtual experience on the sacred cycles of:

LIFE - BIRTH - DEATH - REBIRTH

Collectively we can create dynamic change in the health of our community and within our personal reproductive health.

In these turbulent times, how do we honor the cycles of Life, Birth, Death and Rebirth? How do we uplift joy as we honor the innate rites of passage and center our own healing power?

Let's honor one another and set intentions for our collective wholeness as we navigate the landscape of birthing justice.
